URGENT & IMPORTANT

Dear Friends,

Corona Virus 'Pandemic' – Our activities

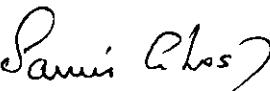

RBI Central Office, under specific advice from our Hon'ble Governor, and following the Government advisories as well as WHO guidelines, have decided on certain urgent measures on work profile and staff deployment like attendance, in-house work, and emergency services including remittances of currency notes/ coins etc. as and when needed. In view of medical emergency, our and near and dear ones' health security, social needs etc. we have assured full co-operation by our units and Class III staff in particular. All our units should fully co-operate with local managements, and in view of local conditions, suggest further safety measures, as needed. We will also expect the local managements to take the AIRBEA units and other recognized unions in confidence in this regard. **We hope this emergency situation will be for a short duration and our country can successfully come out of the scourge.**

However, while our colleagues will take full precautions and follow all safety measures, **we should not panic**, we should not believe in fake news, lies and unscientific canards being spread around. We should retain our calm and bear with the emergency situation with tranquility.

We should also see that Association offices function regularly, may be with depleted attendance on rotational basis amongst the office bearers/ committee members. Please keep the headquarters and RBIEA, Mumbai apprised of any urgent situation.

With greetings,

Yours fraternally,

(Samir Ghosh)
General Secretary
